

Nashoma Trade & Services

EXCELLENCE THROUGH SUSTAINABILITY

QUALITY • ENVIRONMENT • SUSTAINABILITY

IDENTITY & VISION

Excellence Through Sustainability

Nashoma Trade & Services is a leader in diversified procurement, recognized for integrating environmental sense into core operations. We partner for global sustainability and create long-term stakeholder value across all sectors.

Our Integrated Pillars:

- Industrial & Safety Materials
- Luxury Corporate Gifting
- Digital Connectivity & Infrastructure
- Regenerative Agriculture

"Partnering for Global Sustainability • Creating Stakeholder Value."

Corporate Gifting & Branding

THE ELITE STANDARD

Bespoke branding solutions designed exclusively for high-class executives, chairmen, and elite circles.

Aesthetic Excellence

We merge traditional craftsmanship with modern utility, utilizing premium wood, genuine leather, marble, and crystal to create timeless impressions.

Strengthening Brand Recall

Our high-impact corporate gifting solutions are engineered to enhance corporate identity and build lasting professional relationships.

Sustainable Luxury

Our "Green Touch" ensures that every gift aligns with environment-friendly practices and global sustainability goals.

Luxury Marble Artistry & Stone Souvenirs

MASTER CRAFTSMANSHIP

Hand-carved by skilled artisans, our marble pieces blend heritage with modern executive style.

EXECUTIVE APPEAL

Designed for chairmen and elite circles, these stone textures signify strength and permanence.

"Timeless impressions carved in stone for the discerning leader."

Artisanal Wood & Sustainable Bamboo

Eco-conscious handicrafts that celebrate natural textures and environmental stewardship.

Handcrafted Walnut & Leather Executive Collection

NATURAL TEXTURES

Hand-carved wooden articles and sustainable bamboo gift sets designed for the discerning leader.

CUSTOM SOUVENIRS

Bespoke engraved articles that merge traditional craft with modern executive utility.

The Green Touch

Sourced from responsibly managed forests, our wooden articles promote a sustainable and eco-friendly office environment.

Executive Leather & Desk Organization

PREMIUM ESSENTIALS

Genuine Leather

Premium genuine leather and wood desk organization essentials designed for the modern executive lifestyle.

ARTISANAL QUALITY

Walnut & Black Leather

Bespoke walnut and black leather sets, including branded desk pads and luxury presentation boxes.

Executive Organization

Customized leather padfolios and organizers that define professional excellence and brand recall.

The Elite Standard: Merging traditional craftsmanship with modern utility to create timeless impressions for elite circles.

Executive Tech & Smart Business Sets

CONNECTED UTILITY

Smart Organizers

Integrated tech solutions featuring wireless charging notebooks and built-in power bank sets for the modern executive.

MODERN INNOVATION

LED Light-up Branding

Bespoke business sets with LED light-up logos and integrated reading lights, merging utility with high-impact branding.

Secure Connectivity

RFID protected card slots and multi-cable charging hubs ensuring security and scalability in every gift.

The Future of Gifting: High-impact tech solutions designed to strengthen brand recall and enhance the modern executive lifestyle.

Elite Apparel: Luxury Silk & Bespoke Wear

DISTINCTIVE IDENTITY

Corporate Hoodies

Premium heavyweight fabrics with tailored fit options and custom chenille embroidery for a distinctive team identity.

EXECUTIVE STYLE

Pure Silk Neckties

100% pure silk ties in bespoke green and gold patterns, designed for the elite boardroom circle.

Professional Polos

The standard for professional corporate uniforms, featuring breathable pique cotton and branded logo placement.

The Elite Circle: Strengthening brand recall through premium fabrics and exquisite craftsmanship designed for high-impact corporate gifting.

GREEN REVOLUTION

Regenerative Agriculture

Restoring soil health and ensuring food security through advanced organic nutrition and sustainable farming practices.

50%

MORE COST EFFECTIVE THAN DAP/UREA

TECHNICAL EXCELLENCE

40%+ Organic Matter

High-potency organic fertilizers designed to restore microbial soil health and enhance long-term land viability.

Slow-Release Nutrition

Uniform granular structure ensures steady nutrient release, balancing immediate productivity with future soil viability.

Root Development

Scientifically proven to enhance root microbial activity and nutrient uptake for sustainable yields.

Industrial & Safety Materials

OPERATIONAL CONTINUITY

Specialized PPE

High-grade helmets, gloves, and protective eyewear tailored for Energy, Construction, and Manufacturing sectors.

TECHNICAL EXCELLENCE

Industrial Supply

Consumables and specialized materials adhering to rigorous international safety standards.

Safety Compliance

Expert consultation and procurement solutions designed to protect human capital across all sectors.

Ensuring workplace safety through technical excellence and uncompromising quality standards.

Digital Connectivity & Infrastructure

CORE NETWORKS

Fiber Optics

High-speed structured cabling and fiber optic solutions designed for long-term reliability and scalability.

ADVANCED SOLUTIONS

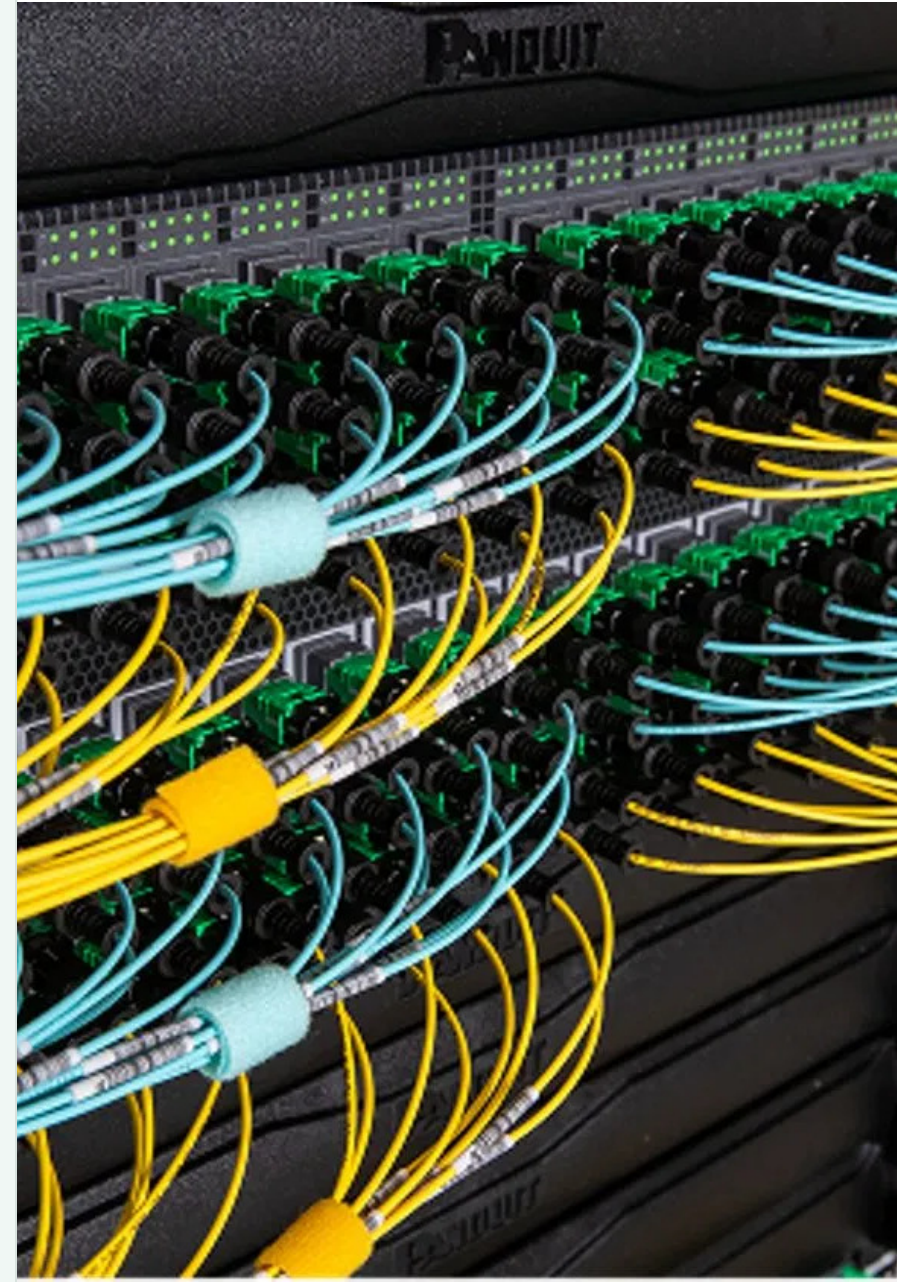

IP Telephony

Secure, high-speed communication networks enabling resilient business operations across global sectors.

AI Surveillance

Advanced CCTV and surveillance infrastructure ensuring continuous value and security for all stakeholders.

Enabling resilient business operations through secure, high-speed communication networks and technical excellence.

The Nashoma Commitment

INTEGRITY & TRUST

Building long-term stakeholder relationships through ethical conduct and reliable service.

SUSTAINABILITY

Integrating environmental sense into our core operations, from agriculture to procurement.

INNOVATION

Continuously evolving technical solutions to meet the future needs of global industries.

Build Your Sustainable Success Together.
